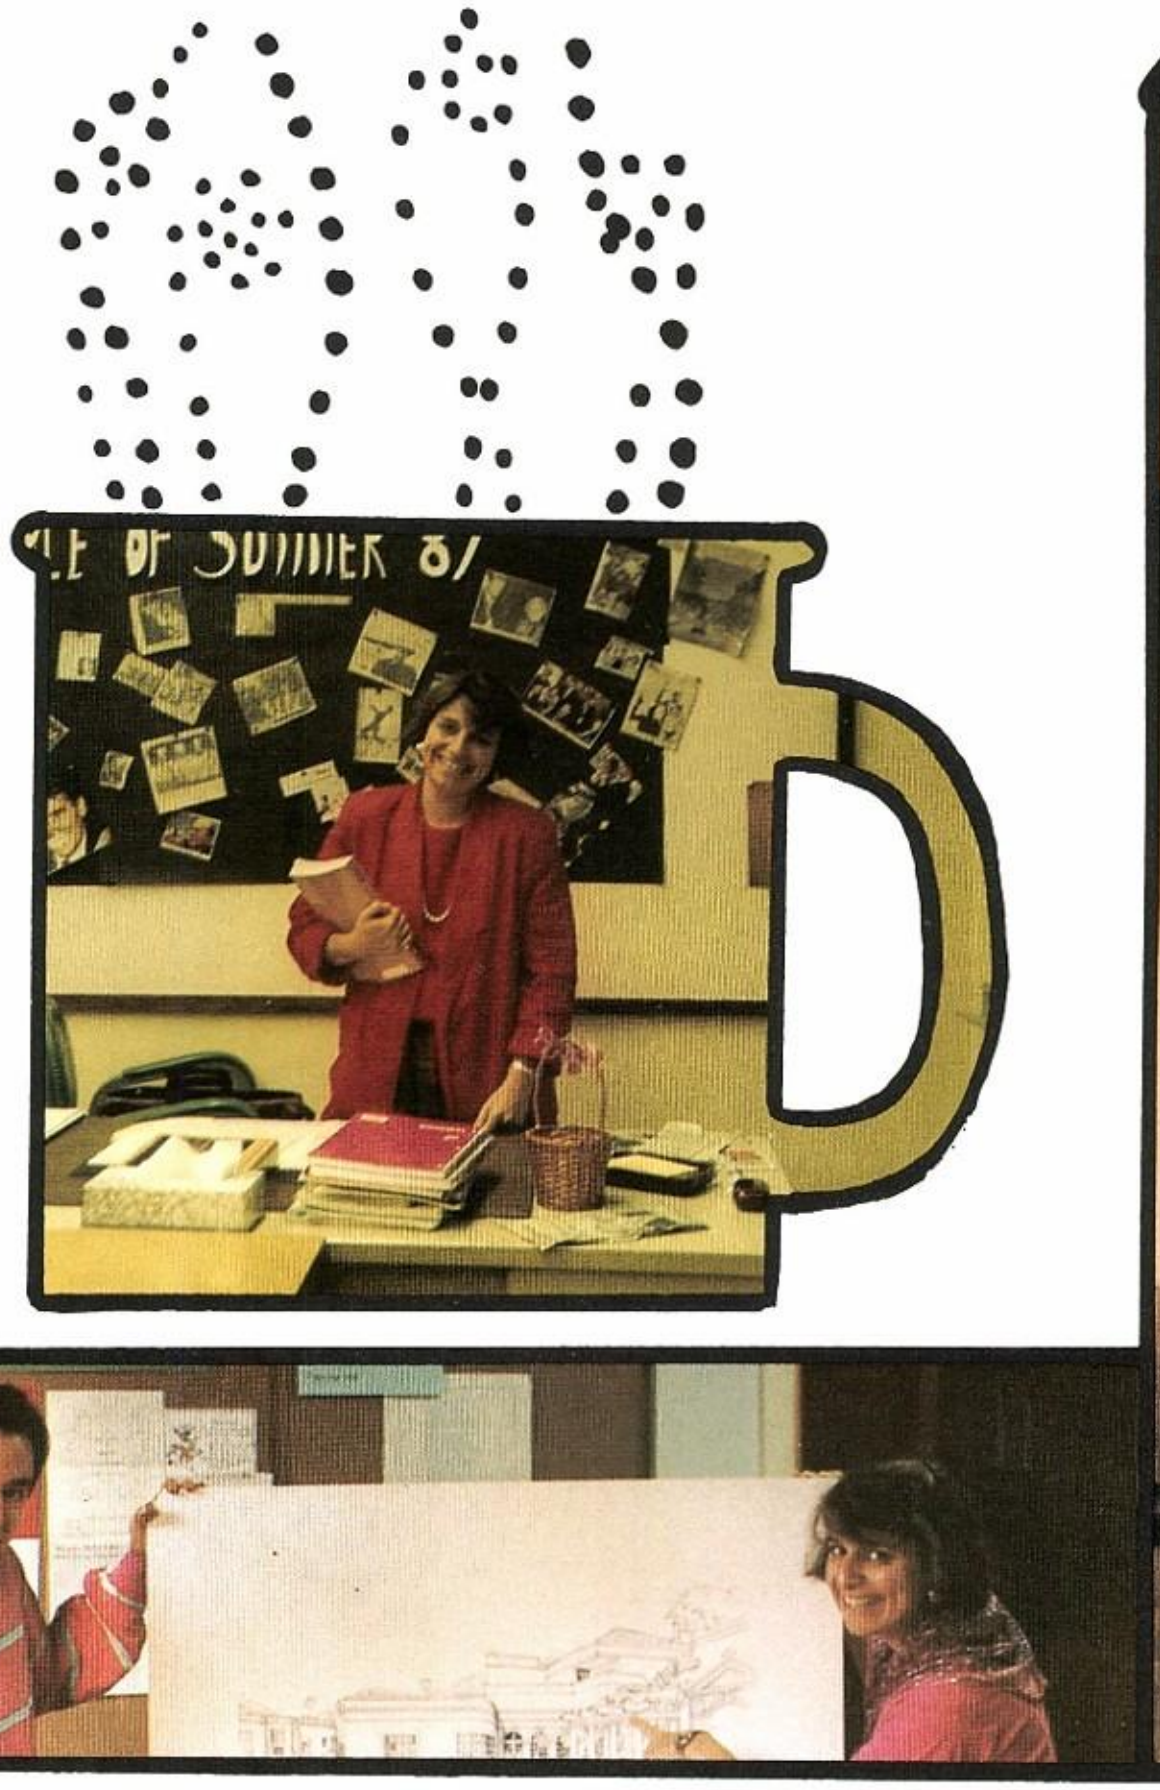
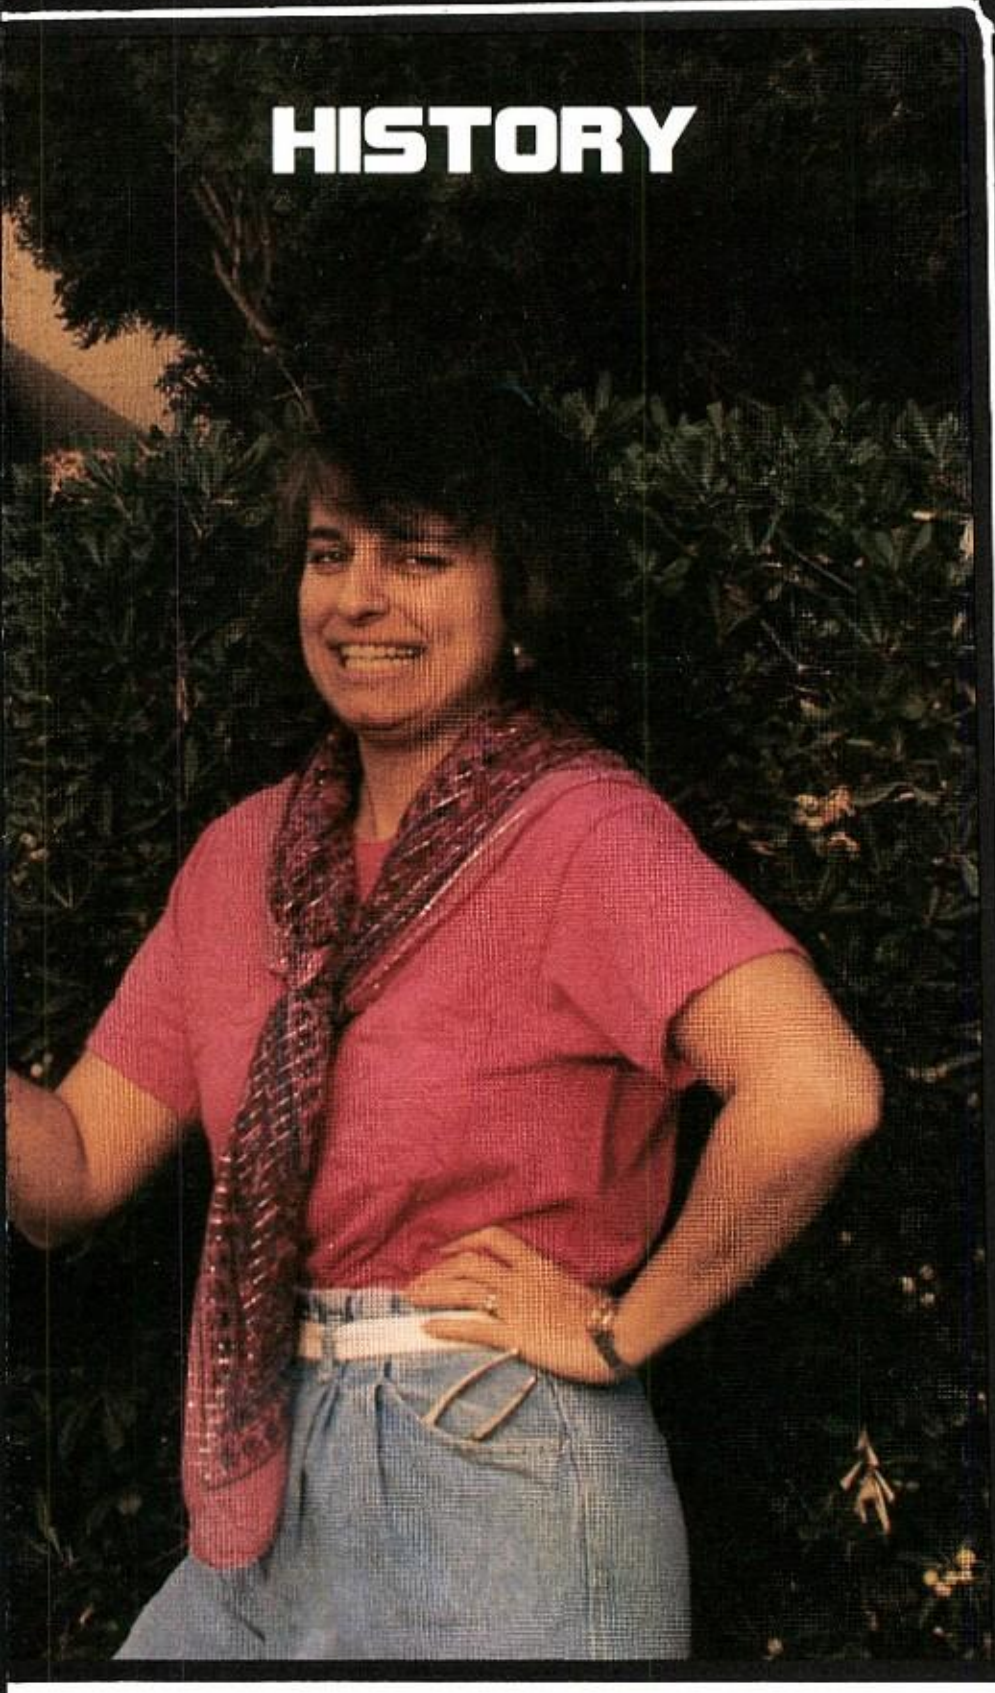
"HERE'S THE SCOOP . . ."



The 1985-1986 school year brought a new face to the Mayfield family, Ms. Inge-Lise Ameer. With a smile and much enthusiasm she instantly became someone we could all respect. From there on, she has taught us with a style all her own. This has built knowledge beyond our text books. She expresses her opinion and encourages us to form our own. She has made us realize that everything in life isn't always black or white. Ms. Ameer continually goes out of her way to help others, no matter what the problem.

HISTORY



She takes an interest in and volunteers for such responsibilities as being faculty advisor for S.A.D.D. in 1987. This enthusiasm encourages us all to participate in school activities. Her ability to relate and understand has always made her someone each student can come to for advice. And so many of us do.

Ms. Ameer, the Mayfield family has greatly benefited from your knowledge, understanding ways, and concern. And for this, we thank you.

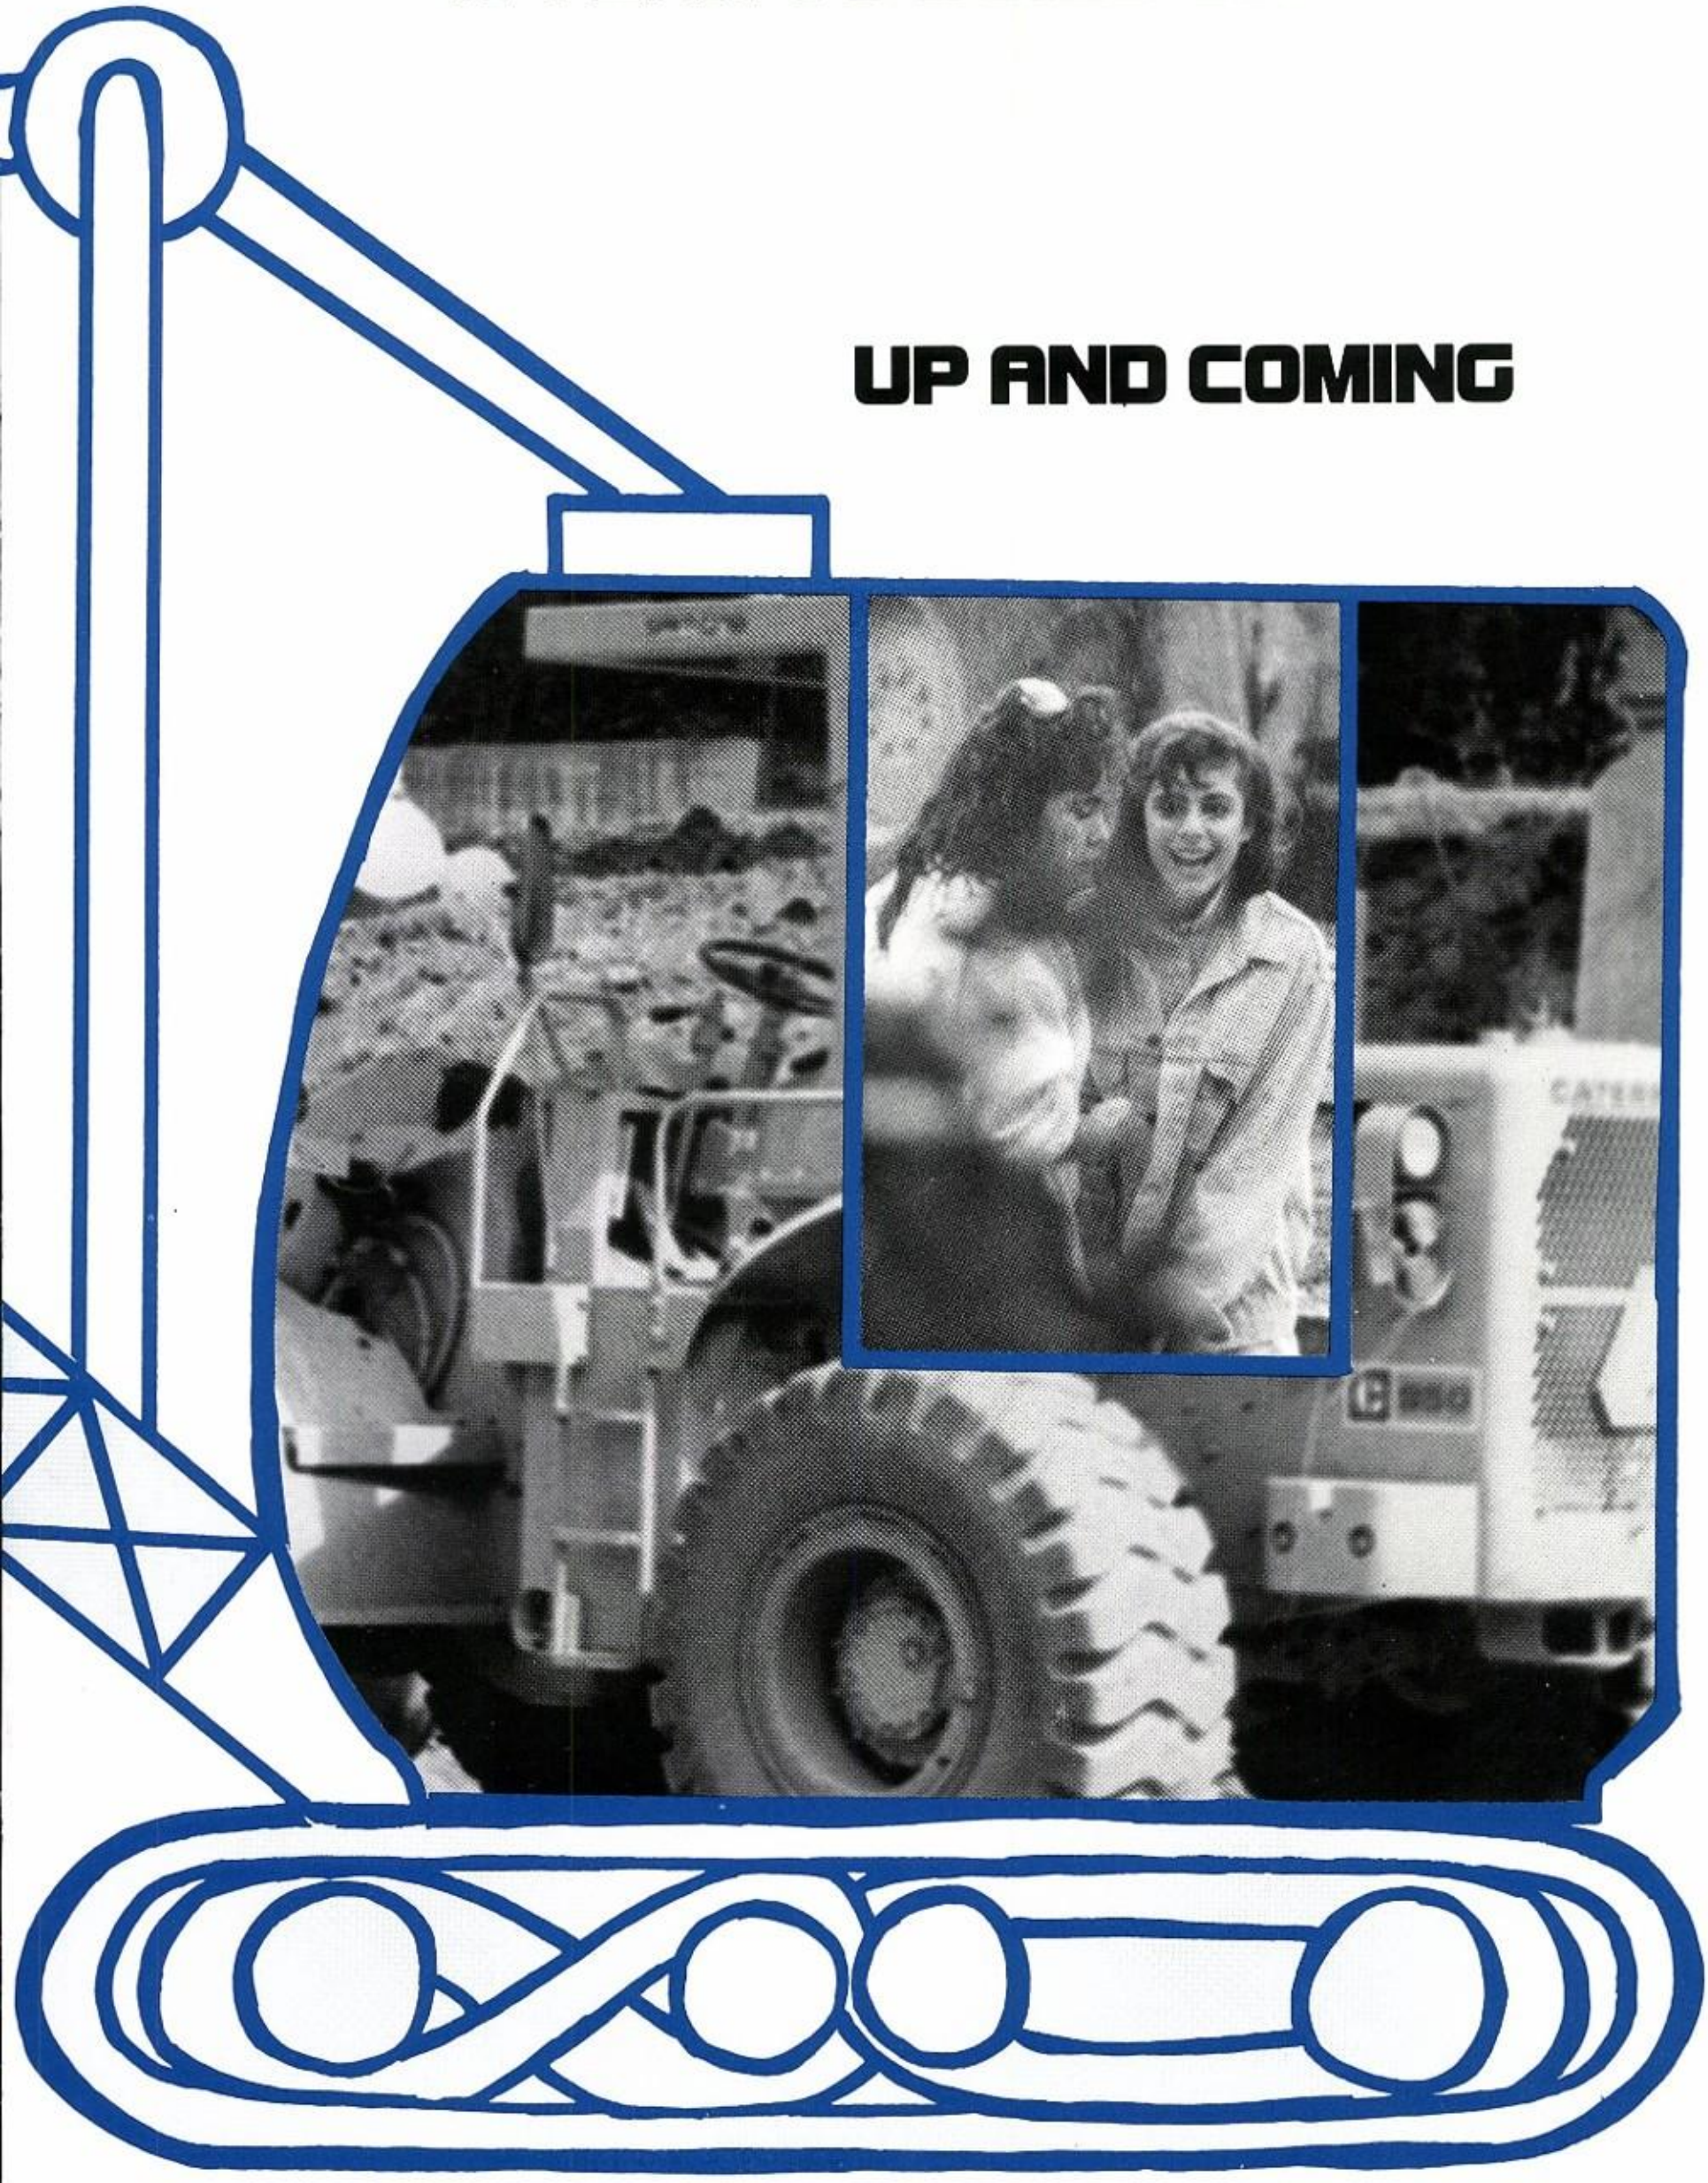
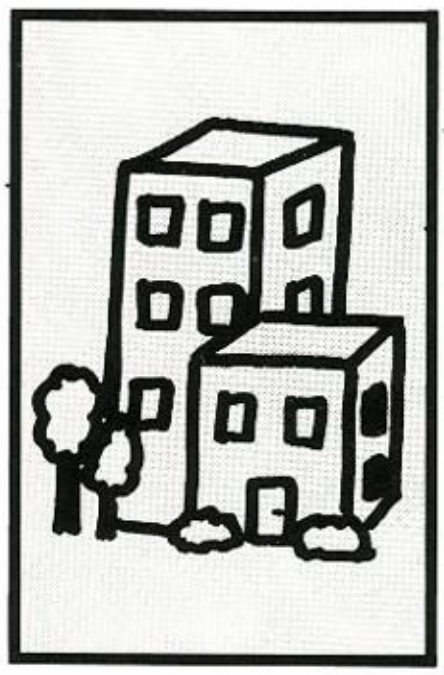
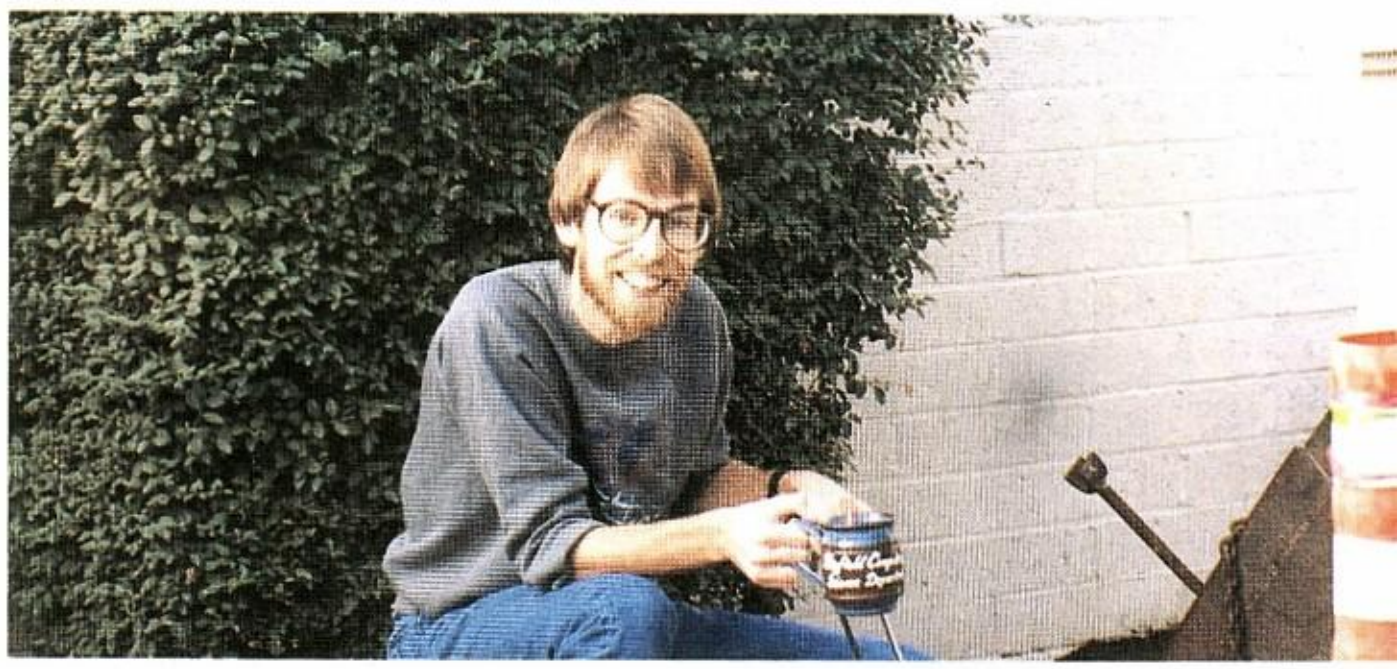
A YEAR TO BUILD ON

UP AND COMING



BUILDING BLOCKS





It is sometimes said that we return to the trenches in September. This year we really did! The trenches, the mounds of dirt, the tractors, the pipes, the struggles for decent parking spots, getting mud and dirt all over our shoes, and falling into numerous pits made life a bit difficult but the sacrifices would be worth the new library and science building.

Not only was there construction going on outside, with new buildings, parking lots, and other improvements being added on to our school's foundation, but inside are students building upon themselves. When we entered, as freshmen, we were scared of making friends, afraid of not being able to get along with teachers, and afraid that we would not be able to handle the work load. But through each year, we have built strong relationships that will last forever. We've built up our knowledge of the world around us by applying what we have learned in class to the real world. The construction around us this year served to accent just how Mayfield has helped to build up our strength and self confidence. More than ever, this was a year to build on.

The first day of school rolled around and brought sixty-one smiling and anxious new freshmen to join Mayfield's happy family. They were faced with many new challenges of making friends, getting involved, and handling the demanding work load. They are a very diversified class, dividing their interests among the many clubs and activities. We look forward to see them build on these strengths within their next three years at Mayfield.

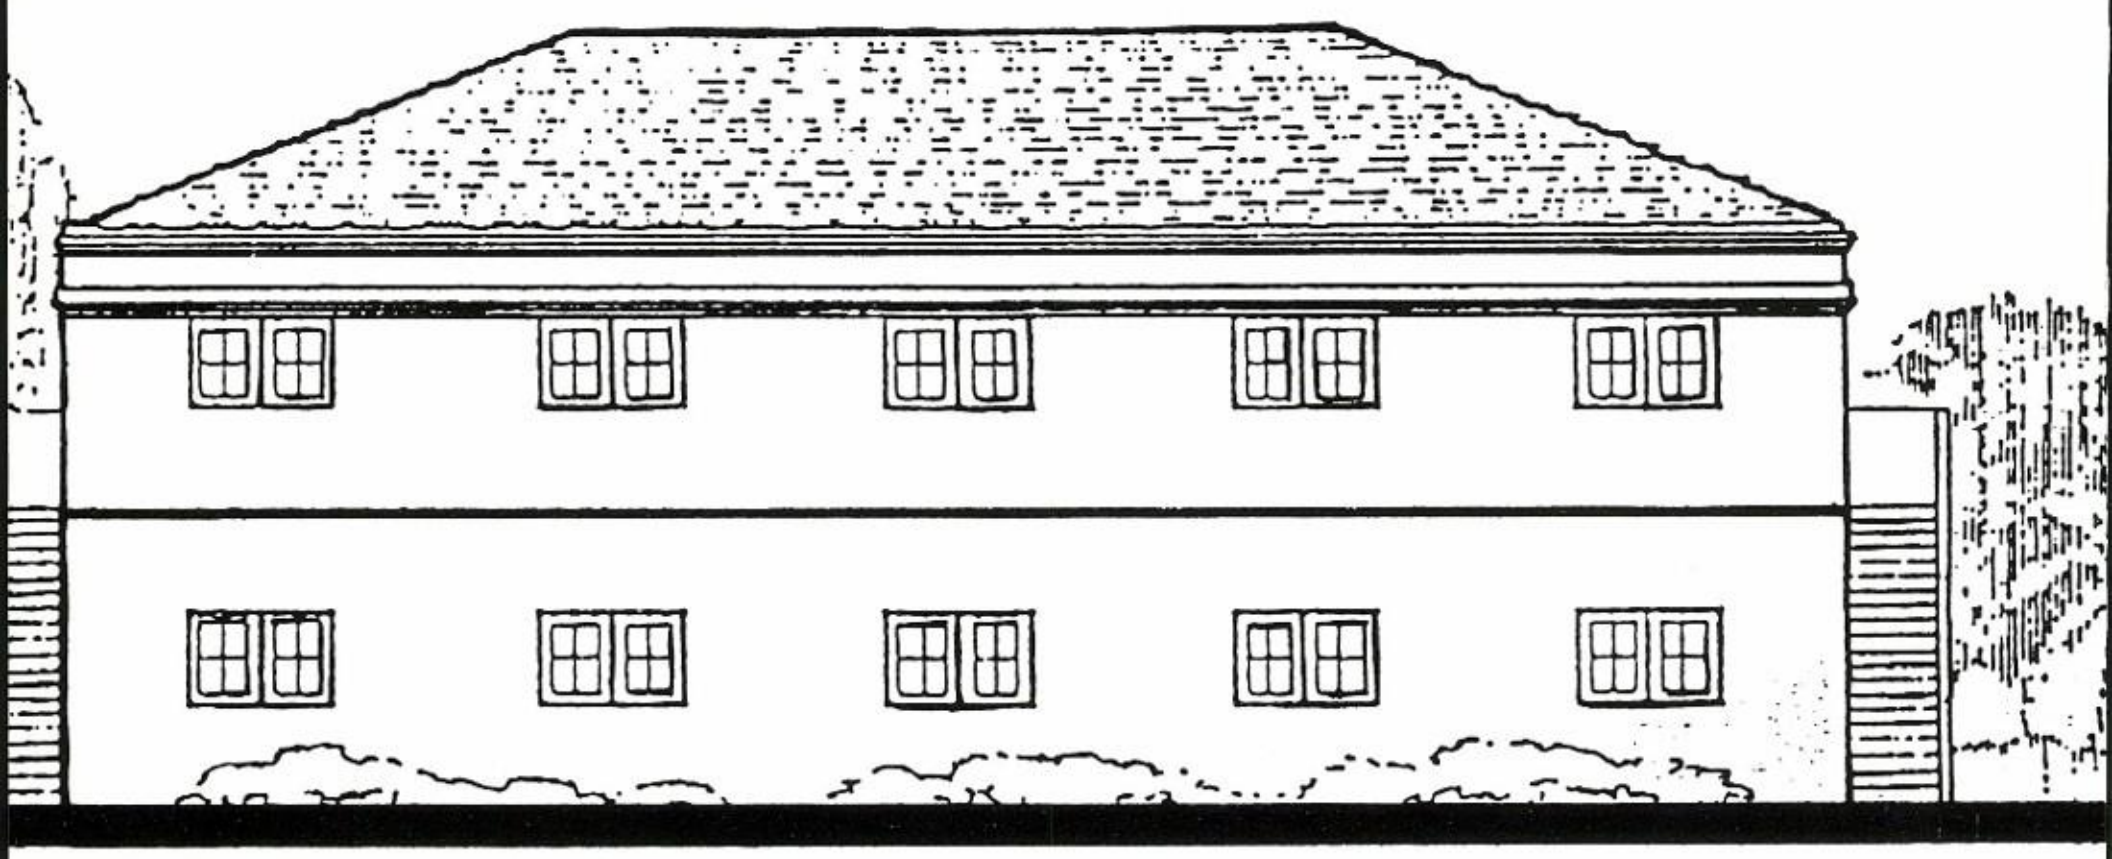
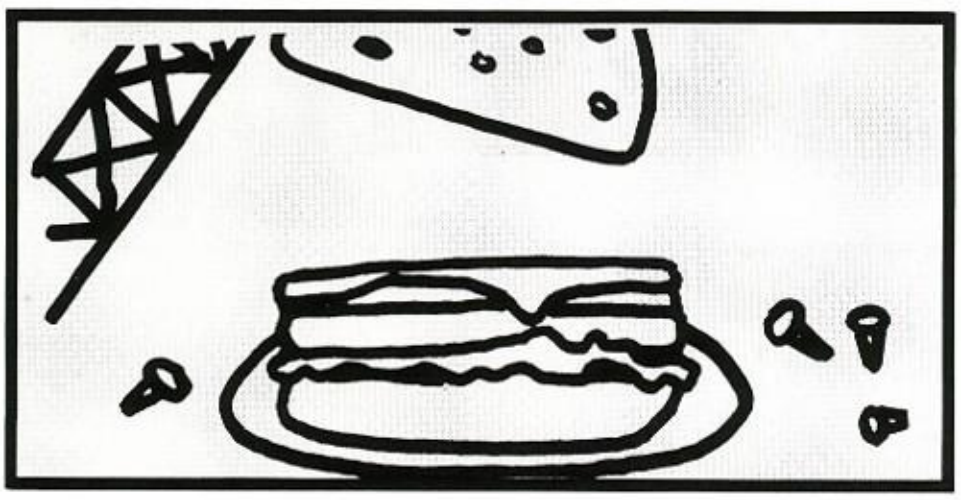
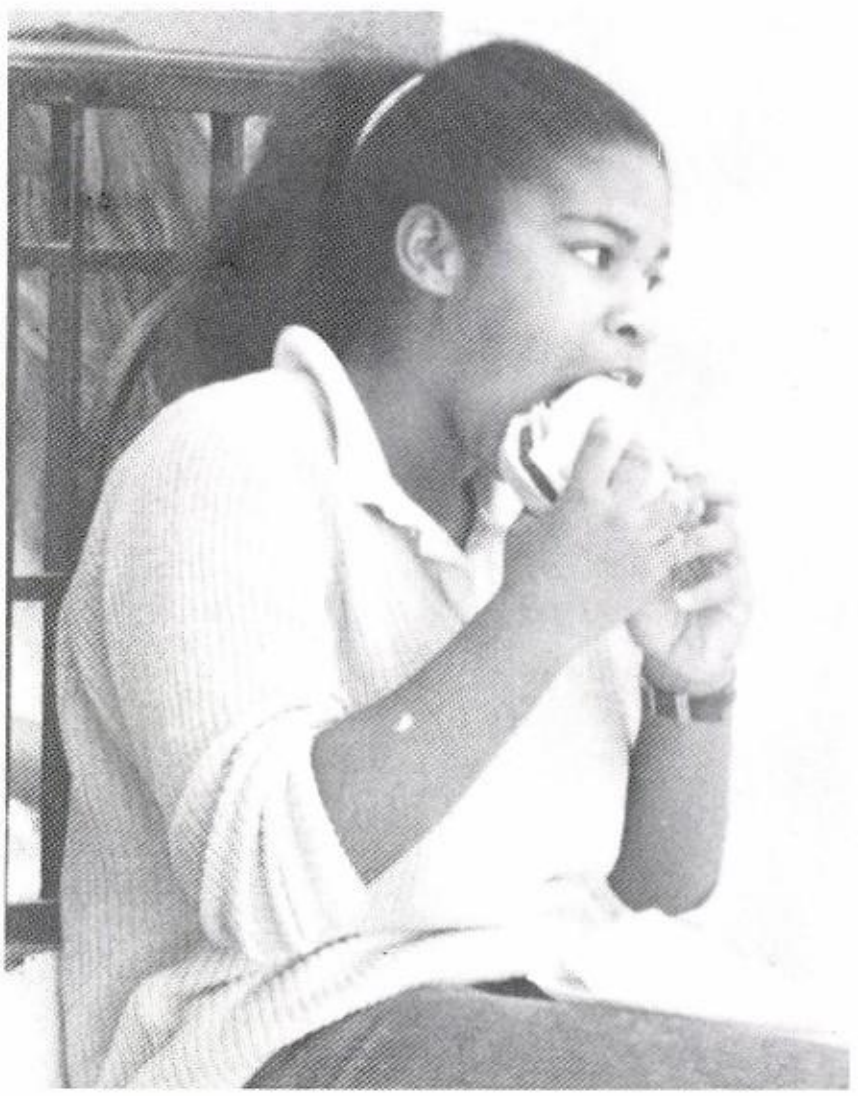
COMMUNITY BARNRAISING



BAR-B-QUE

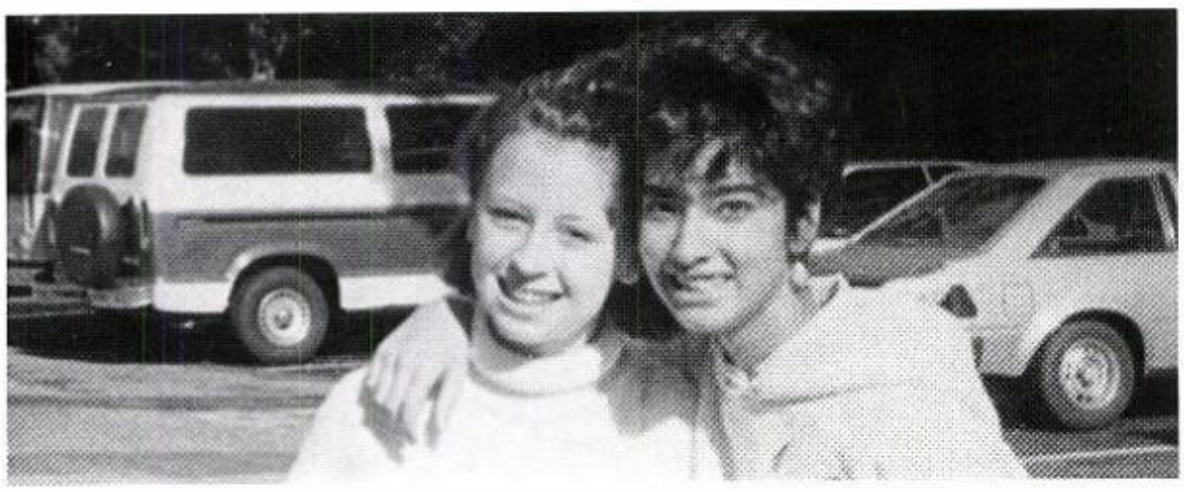
To start off the new school year, Mayfield celebrated with its seventh annual barbecue. Thanks to Katie Colborn's coordination of details, the activity was a great success. Sponsored by the student council, the barbecue gave Mayfield students the opportunity to reunite with friends they had not seen all summer. At the same time, the freshmen were able to build better acquaintances with one another, and were able to get to know their junior big sisters.



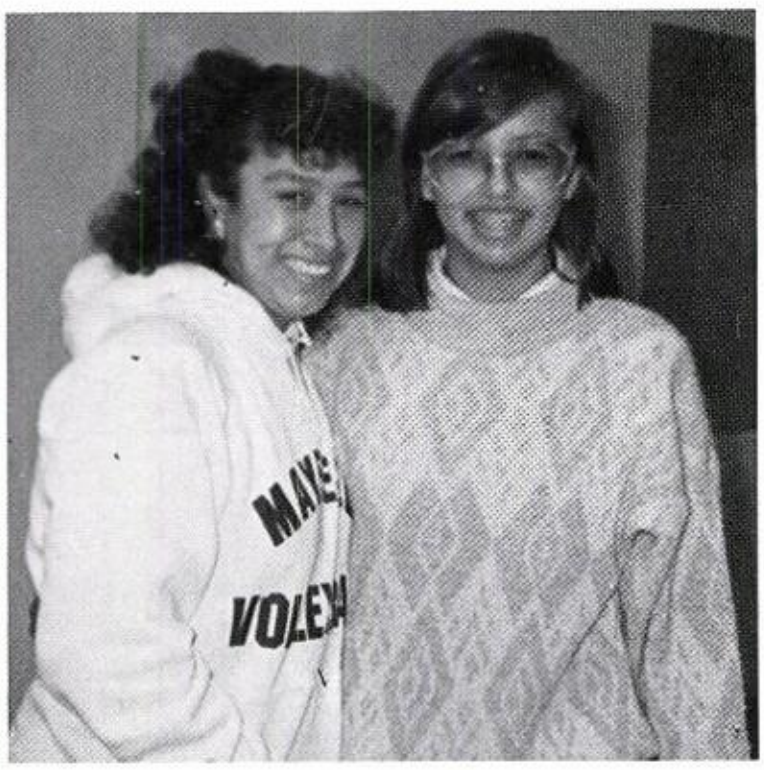


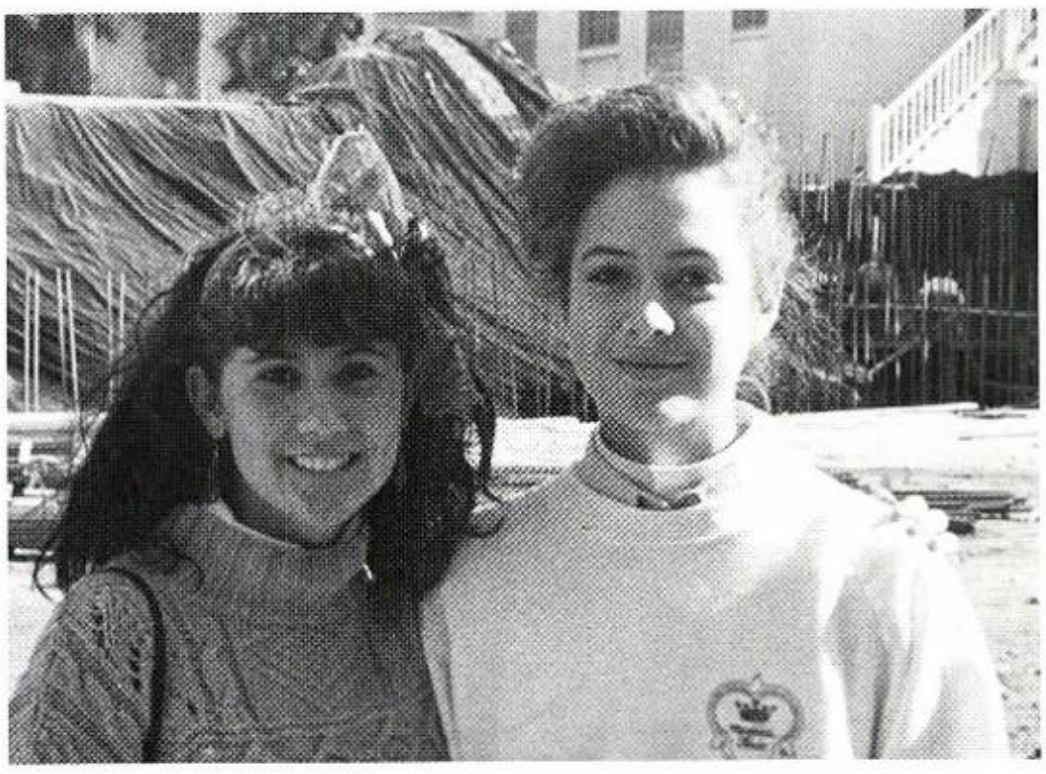
Attack!!

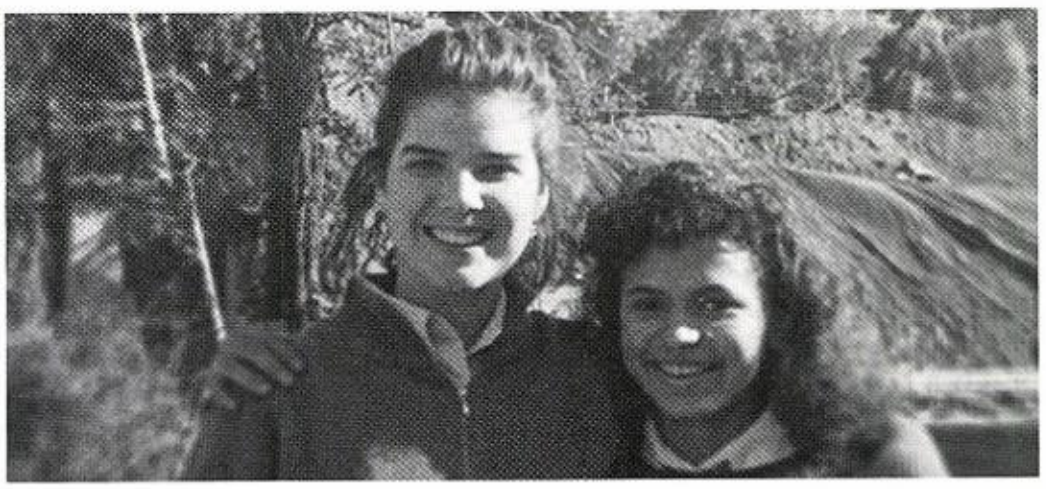
BIG AND LI'L SIS

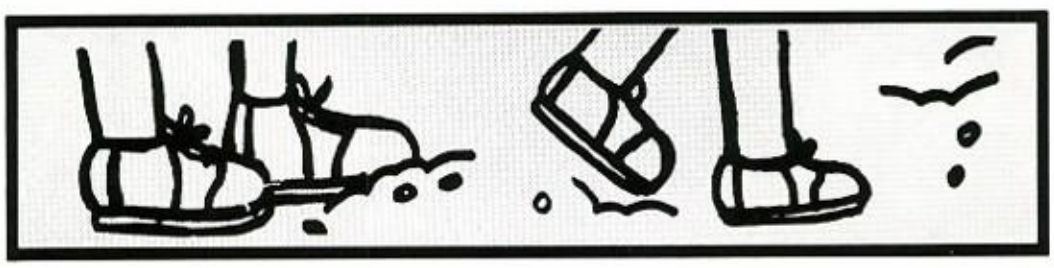


Oh, the joys of sisterly love. On the first day of school, the Freshmen and new students were ushered by the friendly faces of their big sisters through the hallowed halls of Mayfield on a tour of the campus. As lunch rolled around, the Freshmen were greeted by the Juniors and the Sophomores by the Seniors with delicious lunches, balloons, and decorated cups. Although we had no lawn to sit on, everyone found a place to talk, share their scrumptious lunches and their personalities. Big and Little Sisters has always been an important opportunity for people to get to know each other and those who do, to grow even closer. Thank God for Big and Little Sisters!!



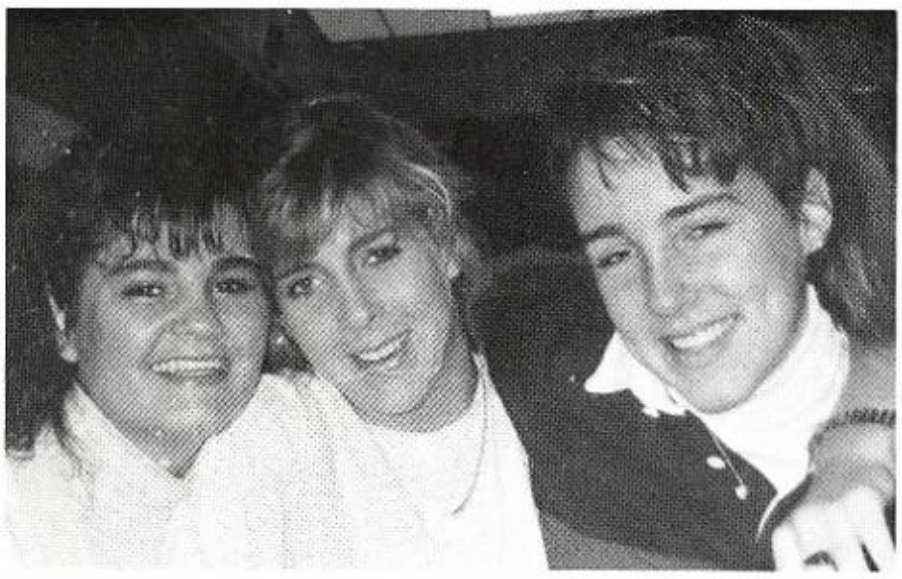






RETREATS

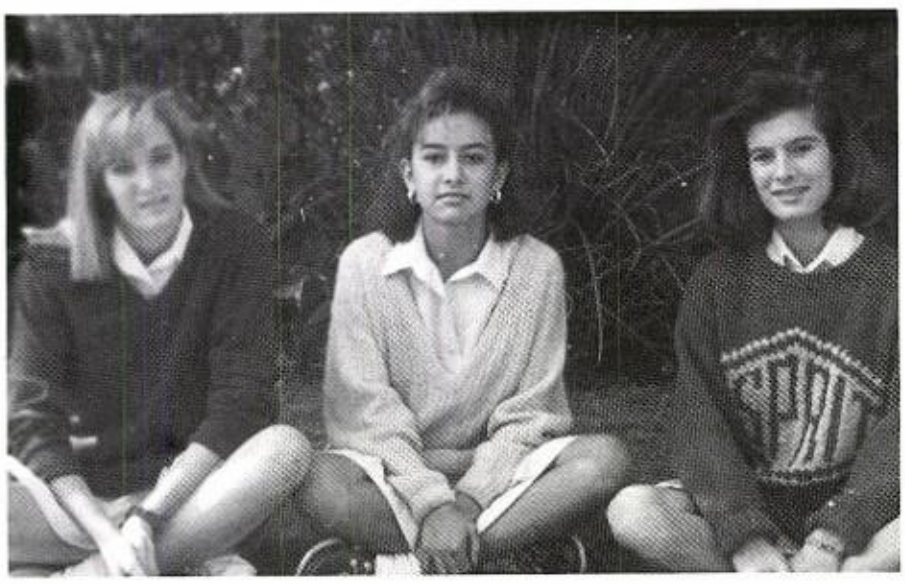
This year, the Seniors spent their retreat at Sacred Heart Retreat Camp in the beautiful, outdoor surroundings of Big Bear. This was truly the most successful retreat they ever had in their four years at Mayfield. The class discussed problems that they all shared; applying and being accepted into or rejected out of colleges, leaving home and growing independent. The class became more united during the retreat and carried on this unity through the rest of the year after retreat. They worked hard together having gotten a lot accomplished. And they showed this unity through supporting each other in what they did in school and outside of school. They created a strong bond that made them a special class.

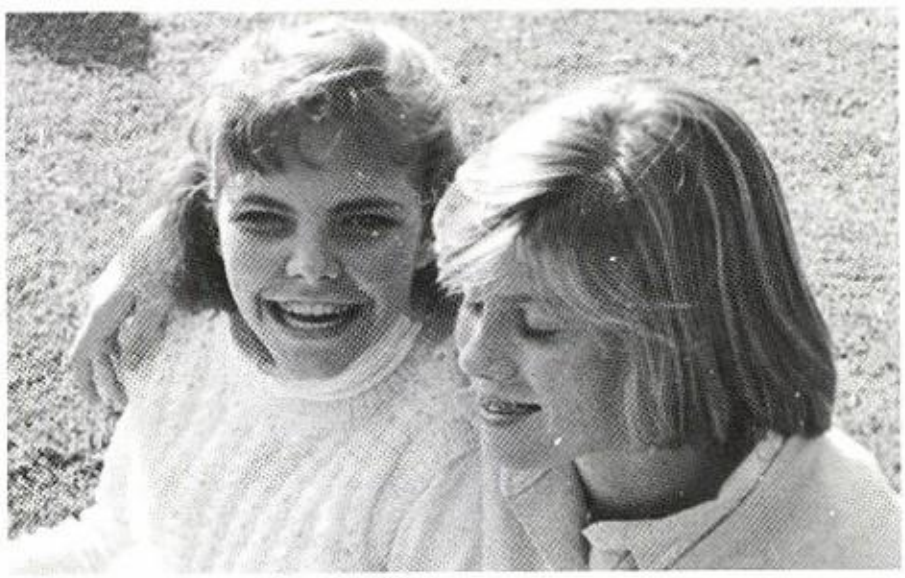


The Sophomores this year went to Divine Word Seminary Retreat Center in Riverside that had not previously been attended by any other Mayfield class. They were able to go there without knowing what to expect, therefore having a more positive attitude towards the retreat. Through many activities including creative skits, they made the retreat a success, bringing the class closer, preparing them to work together on class responsibilities to come.

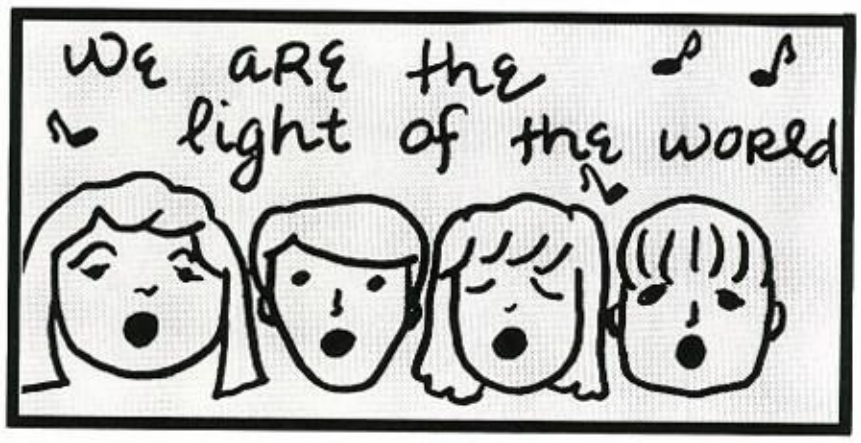
The Junior class spent their retreat at The Passionist Fathers Retreat Center in Sierra Madre this year. In the peaceful, tranquil surroundings, they were able to reflect on themselves and their growing independence and responsibilities that went along with that . Through group activities, prayer, and meditation, they were able to grow closer together to prepare themselves to lead the school the following year and to grow closer to God.

This year's Freshmen were able to experience a retreat that only the previous class had. The entire freshmen class slept in the auditorium. This enabled them to get a real chance to know each other better after only having been together for less than two months. During the day, they reflected on how it was being at a new school by preparing and putting on skits, discussions, and a mass. They saw each other as they had never seen before.





GODSPELL



Once again, Mayfield produced another masterpiece under the direction of Ms. Stephanie Jenal. This year the play was Godspell. Godspell a musical based upon the gospel according to St. Matthew, offered something for everyone. It was the humor, music, drama and dance that pulled the audience out of their seats. The cast dressed in present-day jeans and colorful shirts. Because of the high energy of the cast; Godspell couldn't turn out any other way but perfect. Congratulations to the director, actors, tech and other crew on an outstanding performance.

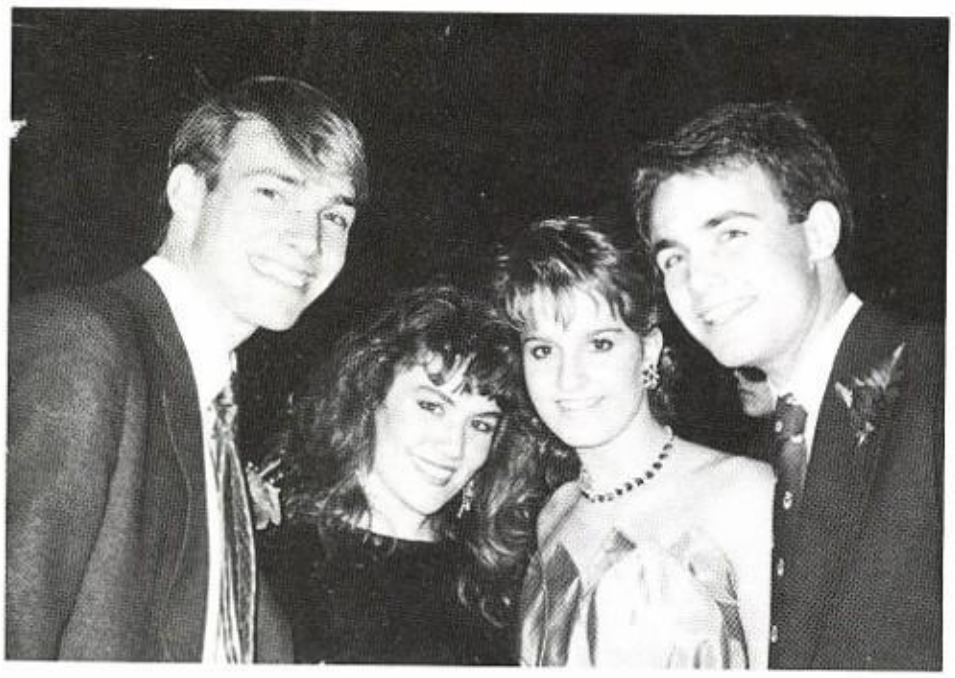
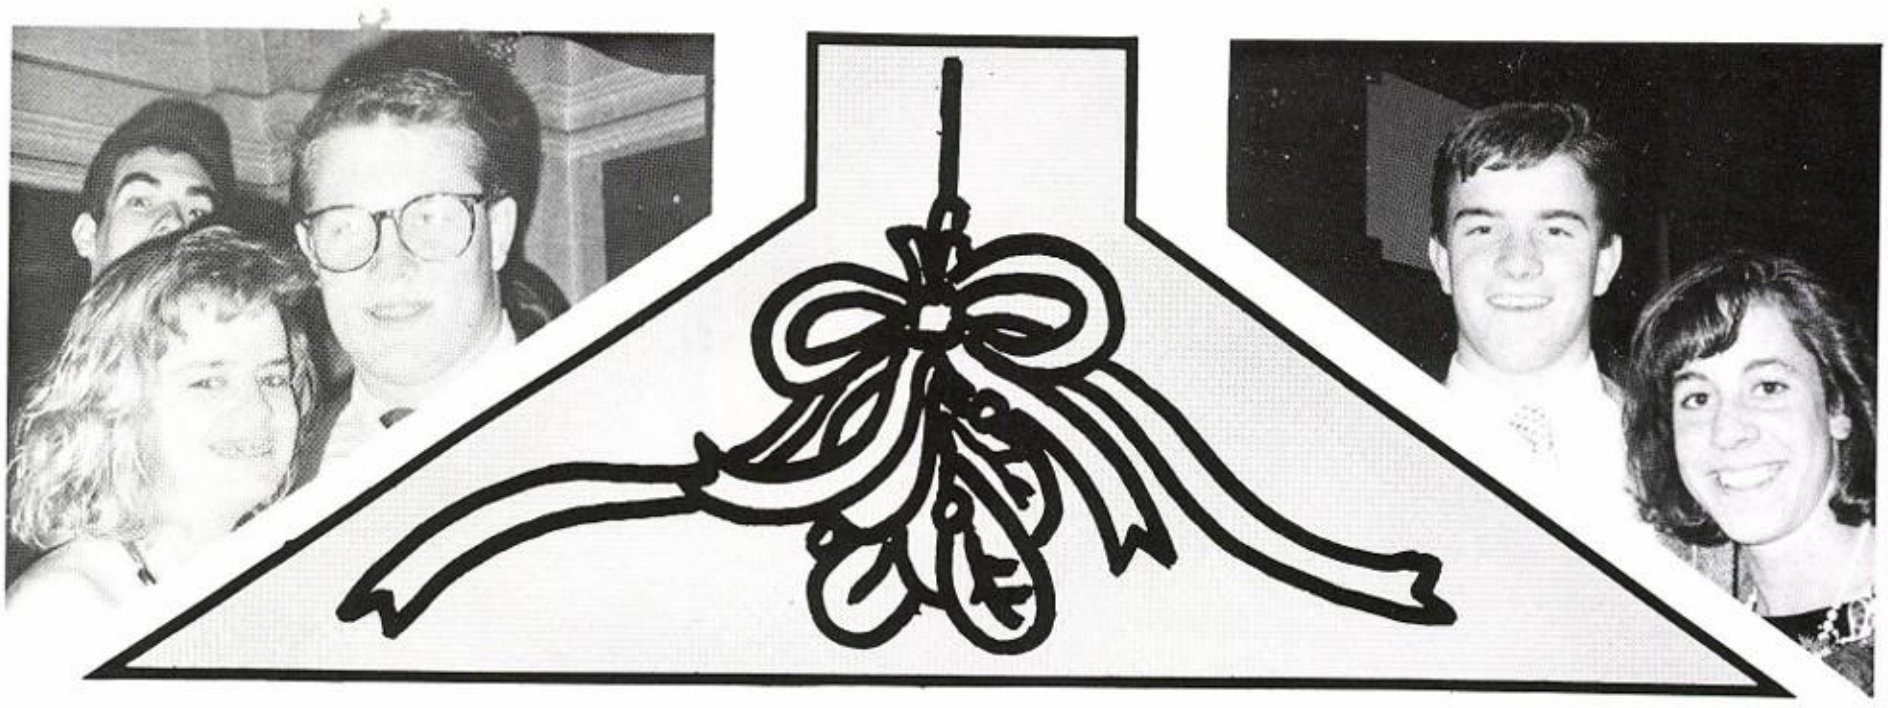
JINGLE BELL ROCK

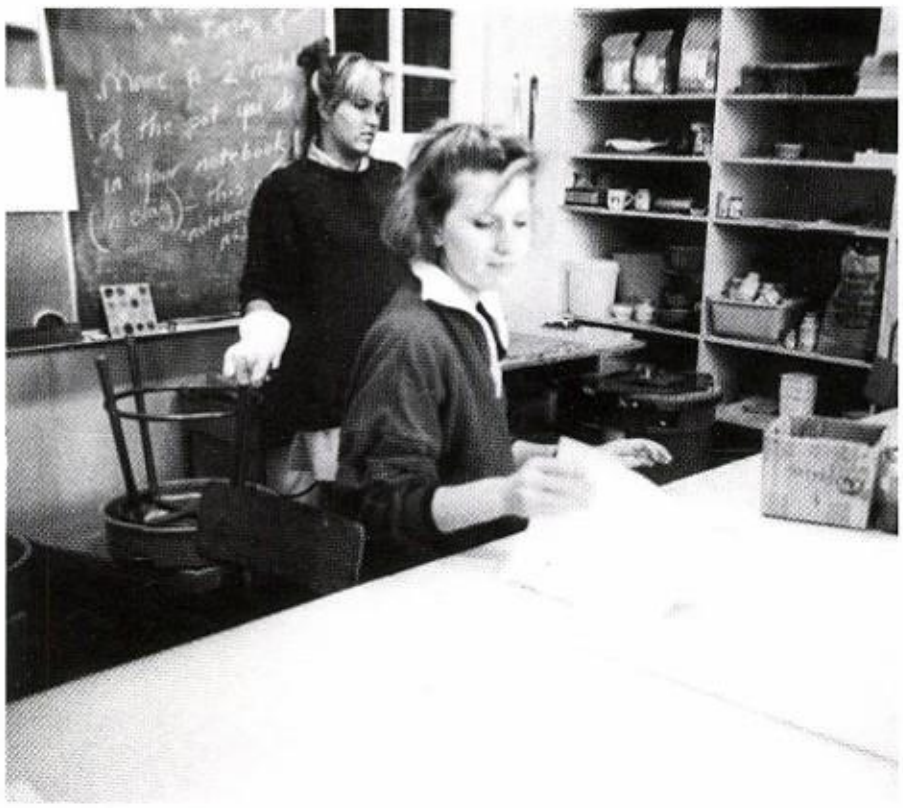
Jingle Bell, Jingle Bell, Jingle Bell Rock . . . Annual Jingle Bell Dance at Jingle Mayfield . . . indeed the class of '90 brought forth a fun filled dance which all enjoyed. The auditorium and halls were elegantly decorated with glittering lights, Christmas ornaments, and hollyberries. The young ladies and their dates were all dressed in their best, and danced throughout the night to the festive holiday music.

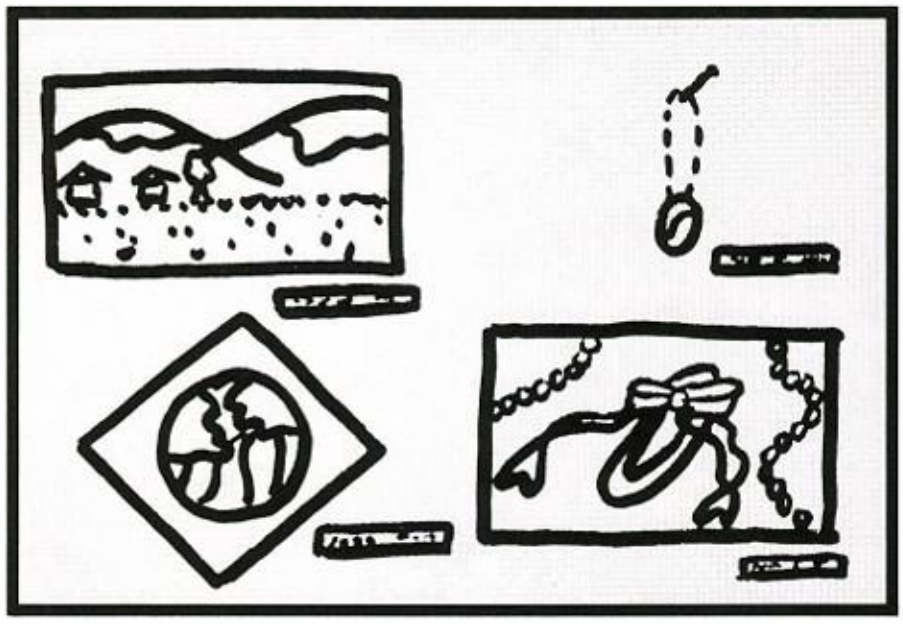




Art Shows

The art shows enable students to display their artistic ability. This fall the faculty invited students to submit art from their classes. This spring students submitted art themselves hoping to win the competition. Each year Mayfield receives many masterpieces and the students are rewarded for their excellent work.





DANCE COMPANY ENSEMBLE

Mayfield's Dance Company Ensemble is a group of talented dancers who dedicate many hours a week to put on performances on Open House and Carol Night. They also put on a special performance at the end of the year. With Dr. Salvati, an equally dedicated choreographer, they are able to put on excellent performances to be proud of.

The industrious and creative Photojournalism staff spent many hours compiling the 1988 edition of Crossroads. Under the supervision of Ms. Johnson and Editor-in-Chief Anne Marie Schmutz, the yearbook was well under way to be one of the best yearbooks ever. Because of the hard work of the entire staff with Lisa Gurash as Business Editor, Karen Coffin as Layout Editor, Setsu Funaki as Art Editor, Colleen Rice as Photography Editor, and Darleen Schuster as Copy Editor, we were able to meet our deadlines and produce a spectacular finished product, of which everyone is very proud !!

Headed by chief inspector, Justine Bonner, and her assistants first vice-president, Allyson Tevrizian, and second vice-president, Darleen Schuster, the Student Council has been striving all year to build good relationships between students and faculty and upper and lower classmen. Cathy Flores, Secretary/Treasurer, spent most of the meetings furiously writing away, while Sylvia Tan, C.A.M. president, informed us of activities and ways for the student body to help those less fortunate. Katie Colburn, Activities Coordinator, was always busy planning a "blue print" of upcoming events and Kathy Brown, G.A.A. president, gave us the latest sports updates. What a job well done!!

Amnesty International is an organization armed at protecting human rights. But especially those of who are being held as political prisoners. Under the direction of other A.I. branches and our A.I.'s president, Sabrina Kaleta, the members discuss the problems of political oppression and write letters to the governments holding these prisoners on behalf of their release.

C.A.M., the Christian Action Movement, is a club like no other. C.A.M. gives Mayfield students the opportunity to work with less fortunate in the community. Led this year by Sylvia Tan, C.A.M. visited Los Ninos, entertained the elderly at convalescent homes, food, blanket and toy drives, and days of fast.

In the past years, The American Field Service has given opportunities for many Mayfield students to experience the broad cultures of the world. This past summer, three students were able to live with families in Argentina, Austria, and Costa Rica. And for the first quarter of this year, two juniors had the opportunity to attend school in Ireland. We also had the privilege of having Nicole Perrier, our French exchange student from La Ciotat, in the south of France, as part of the senior class this past year. Through fund raisers, AFS raised money to take Nicole out to see the sights of LA.

The California Scholarship Federation, C.S.F., gives recognition to students who have attained a high grade point each semester. Those in C.S.F. help others by tutoring, planning outings with other schools, and working in the library. These students also have the chance to earn special honors at graduation.

Have you ever had a thought provoking question that people didn't have time to stop and answer? If you answered yes, you were probably a member of the Socratic Society. Led by Paulette Zaki and Jenny Hoskins, the Socratic Society spent its meetings discussing mind probing questions and doing exciting activities, such as watching the movie, The Color Purple.

The Ski Club, headed by Jenny Scalzo, trekked to the slopes of Mammoth for an exciting four days of skiing. Members of the Ski Club have the opportunity to improve their skiing while also spending time with their friends. We all benefited from the interesting fund raisers and additional activities sponsored by the Ski Club.

PANACHE

With Panache, our campus' artists portfolio, Mayfields' students are able to show off their artistic skills and talents of the hand in writings of poetry and prose, photography, and sketches. For free, we can get a taste of these artists' chef d'oeuvres who may some day become masters of priceless artworks.

S.A.D.D.

In its third year, as a club at Mayfield, Students Against Drunk Driving is still going strong. It is made up of students who are concerned with the problems of alcohol abuse. They provided the school with a non-alcoholic bar of such refreshers as margaritas and daiquiris. They also provided information on drug abuse through guest speakers and handouts. They made students more aware of the dangers of drinking and driving.

Started by Allyson Tevrizian, the drama club allows each member to express their interest in the dramatic arts through acting, singing, dancing, and play writing. They broadened their horizons of dramatic interests through field trips to view some well appraised films and plays.

They shared their talents with the rest of the student body with performances at Mother/Daughter night, masses, and assemblies. As president, Allyson has led the club through the dramatic world.

This year again, led by Mrs. Monica Hubbard, Chorale had many excellent performances. Among them were Open House, The Christmas Luncheon, and the traditional Carol Night. Again this year, we were proud to have chorale participate in a music festival at Polytechnic School. They should be recognized and commended for all their hard work to put on such spectacular shows for everyone to enjoy!

Led by Justine Bonner, this year's campus guides made the community aware of the Mayfield family. Potential students and the entire community were able to learn about Mayfield through the campus guides. During the course of the year, the campus guides visited local junior high schools, guided families and students at open house and at the entrance exams, and served as hostesses for special events such as the French Vestment Exhibition. These activities made it possible for outsiders to see the pride we have in our school, Mayfield.

When you were small
and set up a howl,
kept us up late,
we thought we'd never graduate

to kids who talked,
at the doctor, balked,
and skinned their knees
climbing about on "No-No" trees

Then suddenly wearing Gunny Sax
Toting love stories in back packs,
Practicing plies and scales
Accompanied by protest wails

Incredibly sprouting

Earlobes flaunting "real"

"It was the best of times. It was the worst of times", but above all 1987-88 was indeed "a year to build on." It was a year of hard work, outstanding achievements, and numerous obstacles to conquer. The same applied to *Crossroads*. At times, our performance was questioned as to whether we could complete it on time, yet I never doubted anyone's ability once. Proof is seen in all 184 pages, and through each staff's achievements, for it is you who deserve the most praise. Therefore, a few words of thanks are in order.

First I'd like to thank my dedicated editors, Karen, Colleen, Setsu, Darleen, and Lisa for your tremendous dedication in capturing the most unforgettable moments of this past year. In addition, I thank each staff member for your devotion and strength to complete each deadline on time. Finally highest praise is in order for Ms. Johnson, who even in pressed times, kept us encouraged. Your dedication and guidance always encouraged our creativity in order to bring out the best moments in our production.

Last, but not least, I thank you the reader for your time, and hope that you can treasure each memory captured in *Crossroads* 1987-1988 as much as we have.

Anne Marie
